

Lausanne, February 8, 2018

Technical information intended for the computer scientist of the institution:

The jHEDU platform is securely accessed by a Rich Client using the Java Virtual Machine (JRE, minimal version 1.7). The Rich Client can be downloaded from the jHEDU official site www.jhedu.ch. This website contains all the user information and content, thereby it must be available through the institution network.

Each user has a login and a password

These servers and website must be authorized in the firewall:

hesav.jhedu.ch (185.144.37.12) port 443

mammo.jhedu.ch (185.144.37.13) port 443

ssmt-lo.jhedu.ch (185.144.37.14) port 443

www.jhedu.ch port 80

If any problem occurs, please send an e-mail at: support@jhedu.ch

Yours faithfully, Régis Le Coultre
